HOOFLAND'S GERMAN BITTERS.
AND
Hoofland's German Tonic.
THE GREAT REMEDIES
FOR ALL DISEASES OF
THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of *Roots, Herbs*, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixtures of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the pure Juice of Sound *Cruz Buen*, Cuba, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED AND DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The suffering from these diseases should exercise the greatest caution in the selection of a remedy, for his case, purchasing only that which he is assured from his investigations and inquiries, possesses merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS
AND
HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON*, PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other medicine known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Diseases of the Kidneys, and all Diseases arising from a Deranged Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever: PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these in enabling unaided nature to restore and invigorate the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will infuse the fire of youth, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the public suffer much of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, destitute of energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK & DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. These, it will be observed, are men of character, and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find Hoofland's German Bitters" to a good tonic, useful in cases of debility of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,

GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1866.

"I consider "Hoofland's German Tonic" a *valuable medicine* in case of attacks of Indigestion or Dyspepsia, I can certify this from my experience of its effects.

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for the purpose of debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver.

Albright, Bolton & Schmidt, Chickering & Son, Bradbury, Knabe & Son, Gale & Son,
HENRY'S CELEBRATED
COTTAGE, HARMONIC AND BOUDOIR
ORGANS AND MELODEONS.

These instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last fall to discover excellence in reed Tones, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential features in the construction of this class. We invite the severest scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in this Factory. Language fails in attempting to describe the effect of the stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-bass with independent pedal, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞BRASS BANDS supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

☞Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes, on reasonable terms.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofula, even when the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which are aggravated by the serious contamination until they were painfully afflicting, have been rationally cured in such great numbers in almost every section of the country, that the simplest statement need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its loathsome forms, either on the surface or among the vitals. NLESS Congress does something to prove our monetary condition, a sh is inevitable. Will Congress it?

ESUMPTION.—In the Senate, on nday, Mr. Sumner read a bill for resumption of specie payments on 4th of July next. Referred.

ENERAL GRANT, in his annual re-t, says:—"*Troops are still needed* the Southern States." What for? thought his election was to "let have peace," but "troops" are only icative of war.

ONGRESS met on Monday, with a rum in each House. The country not hope for much good from this y of revolutionary partisans. Their atest care will be the accomplish-nt of political aims, regardless of needs of the people.

HE leading Radicals of Virginia now petitioning Congress to con-ue the Freedmen's Bureau there, as *easure of absolute necessity for the* tection of the blacks, until the re-struction of the State can be ac-plished. Are these buzzards not ged with plunder yet?

REELEY says:

What the Government needs is *cred-*not money. If its credit were good, ould not need so much gold as it to-day.

Whose fault is it that the govern-nt's credit is not good? If things on the same much longer it will e neither *credit* nor money.

A PETITION from leading Radicals Virginia has been drawn up to be sented to Congress asking for a con nuance of the Freedmen's Bureau in t State.

Why not? It furnishes good soft ces for many "loil" thieves and vag-nds, and why shouldn't they be ported by their party? If turned they will never earn an honest ug.

URING the recess of Congress, a ge number of the employees of that y were engaged in folding and ding off political documents for the ical party. There is now a defi-cy of ten thousand dollars in that nch of the appropriations for the rent year, which Congress will be ed upon to pay. This is the way people's money is used by the par-in power.

IGHO SUFFRAGE.—Sumner, Cra- and Pomeroy, in the Senate, and lley and Bromall, in the House, on nday, introduced propositions to e negro suffrage on the Northern tes—all of which were referred to appropriate committees. This mises to be a leading topic of dis-sion during the winter. Whether it succeed, in the face of the Chicago tform to the contrary, remains to seen. If it does, it will stamp the publican party as the most damna-cheat ever tolerated by any people.

N Congress, on Monday, three or r different bills were introduced to barrass the naturalization of for-ners—whilst more than that num-were presented to place the sacred ht of suffrage in the hands of eve-ignorant negro in the land. What those foreigners who voted for nt think of this? Are they content h being ranked lower than the ne-—and by a party, too, which they lately helped to a new lease of wer?

ENERAL SLOCUM, a gallant soldier d a sterling Democrat, was elected Congress at the late election by the nocracy of the Third New York trict, by a triumphant majority. neral Grant has just written a letter him, says the Reading *Daily Eagle*, gratulating him on his election, intimating that there will not bably be anything in the next ad-nistration which a moderate Demo-t may not support." There is con-erable excitement amongst Radicals consequence of this letter, and Grant pronounced a decidedly large and truly elephant.

HE public debt was increased near-ten millions in November. Why? st, Because the Radical policy has aralyzed the business of the country, thus cut off the receipts from in-ne returns; and secondly, because expenses of the government are at a ruinous figure. In a time of ce we are continuing war disburse-nts, and when business should be *aperous*, a sectional party is strang-g it by unwise laws and regulations. ere must and will be an end to this. e only question is, will business cure the evil by forcing Congress make the needed reforms, or allow avalanche to come?

NEGRO IN CONGRESS.—For the time in the history of the govern-nt, a negro appeared on the floor of House on Monday, claiming a seat representative from one of the isiana Districts, in place of Colonel n, deceased. The claimant is a lium-sized mulatto, named Menard. was sent to Washington by the aid white Radicals in Louisiana, who w out a sufficient number of the s cast for his competitors to elect (Menard) to Congress.

is presence on the floor of the se attracted considerable attention, cially among his Radical brethren, ajority of whom will probably vote favor of referring his credentials to *Committee on Elections*, and thus ly lay him on the shelf—for poli-sake.

HE Radical newspapers are parad-a discovery they have made, to effect that Abraham Lincoln was author of the generous terms of render offered by General Sherman *eneral Johnson*. They are con-ulating themselves that the living rior is not responsible for the mer-l and sagacious plan of settlement posed. They seem to think this a on the character of the dead sident. History will not so regard The time will come when Mr. coln's humanity, as thus displayed, be looked upon as the wisest act his administration. Had Mr. Lin-lived we have no doubt he would been made the object of Radical peration, just as Mr. Johnson has. No doubt his untimely death d him from being wounded by the s of villification. It may be a ce of joy to the Radicals to know Sherman is not the noble-hearted generous soldier the nation sup-d him to be, but the world will hold him in higher esteem for the ouncement of the fact.

SENATOR LOWRY ON "ARBITRARY ARRESTS."

Hon. Morrow B. Lowry, of Erie, is writing a series of letters defending himself against attacks in the *Gazette* of that city. In his first he admits the charge that he was instrumental in releasing a number of persons who had been imprisoned for the mere expression of their opinions, and says he feels "no blush of shame"—"no doubts of Republican orthodoxy"—for the course he pursued. He acknowledges that "in those exciting days of the war" "many good men and more weak ones seemed to lose their balance"—that what he did he "believed duty both to God and humanity" required him to do—that the arrests referred to were "illegal and unjustifiable,"—and that his "chief anxiety" was to "ward off this great shame" which did more to humble our country in the estimation of patriotic men than rebellion itself.

All this, remarks the *Observer*, simply reiterates our own views at the time, and, coming from the pen of the admitted leader of the Republican party in this part of the State, will do much towards changing the views of members of that party in respect to the position of Democrats upon the question. It is a pity that Mr. Lowry did not feel impelled to make his views publicly known while the events alluded to were transpiring, since he might have prevented much wrong from being done, and helped to dispel much of the prejudice which has grown out of these very occurrences that he now characterizes as "illegal and unjustifiable."

One of the most important revelations which Mr. Lowry makes upon this subject is that in which he states that it was at one time seriously contemplated to arrest Hon. Wm. A. Wallace and Gov. Bigler. "Many," he says, "were clamorous for their arrest—some influenced by excitement, others by mercenary motives"—but better counsels prevailed, and he congratulates himself upon having been one of the most active in averting the stigma, in which, for their credit let it be said, "the leading Republicans of the Legislature and the men of the party" sustained him. How much basis there was for the proposed incarceration of these gentlemen we leave Mr. Lowry to tell in his own language:

"There is this that I may say of Senator Wallace—that while I have and did differ from him all through the war, as our Senatorial records show, as far as men could differ, yet I have always found him in private life an honorable gentleman and true to his friends. * * And of Governor Bigler this: that the hardest day's work I ever did in my life, was in 1861, in the hospitals after the battle of Bull Run, administering to sick and wounded soldiers, and that my best, most faithful, and untiring assistant—among many—was Gov. Bigler."

It seems scarcely possible that the period could ever have existed in this country, boasting of its freedom, when men like these could have been dragged from their homes and thrown into a dungeon without charge or trial; and yet, shameful as the fact now appears, such occurrences did once happen daily, and citizens claiming to be liberty-loving men sustained the crime, while those who had the courage to stigmatize it as it deserved were either treated in the same manner, or hounded down with the meanest of epithets. The progress of time is rapidly exhibiting all these things in their true light, and it will not be many years until those who had a share in them will be ashamed to acknowledge the fact, either privately or publicly. One by one the positions of the Democratic party during the war are being endorsed by the popular judgment, and among them none will be more unanimously approved than the one it occupied in this matter of arbitrary arrests.

STRONGER!

After the election of 1864, the Democrats had the Governor of but a single State in the Union, Delaware. Bramlette, of Kentucky, was not then a Democrat, having been elected by what was called the "Union" party. After the election of 1868, we have the Governors of Connecticut, New York, New Jersey, Delaware, Maryland, Kentucky and California. We have also recovered the State of Oregon, which cast its vote for Seymour, and the States of Georgia and Louisiana, by immense majorities. These three States will have Democratic Governors in another year, which will give us the control of the executive power in ten States. This shows the recuperative energy of the Democracy. Next year we shall defeat Geary, which will bring Pennsylvania once more into line. We are growing stronger. Courage, Democrats! Forward in the good cause! Now is the time for effective work. Your neighbors' heads are cool at present. Talk with them.

A NEGRO CONSTABLE.—A correspondent of the Pottsville *Standard* from the town of Helfenstein, Schuykill county, informs that journal that Peter Smith, an ebony colored descendant of Africa, has lately received a commission from Governor Geary to act as a policeman for the latter place. Said correspondent says:

We had hoped that it would require some legislation, at least, to so far change our Constitution as to give the negro the right of citizenship in our State; but it seems to be taken for granted that the late elections have given the Radicals privilege to do as they please, constitutional enactments to the contrary notwithstanding.—Now, if Peter Smith, the negro, is prohibited from the rights of citizenship by the State Constitution, by what right can he act as a county policeman, even under the Governor's commission? And is the Governor himself not liable to censure, at least, for granting a commission under the circumstances?

WHOSE FAULT?—If Seymour and Blair had been elected, the tightness in the money market, the great decline in grain, the high price of coal, and the general unsteadiness of the whole country, would have been charged to that event. The good times, the peace and quiet promised us by their defeat is slow coming. Have you realized it yet, ye votaries of "Peace" and "No Policy?"

CORRUPTION and bribery have grown to such a pass that but few members of Congress pay railroad fare, though they receive large mileage. The cost of carrying them is first charged on the public, and then the dead head members are expected to pay also by some dirty vote.

CONGRESSMAN DICKEY and Hon. E. McPherson are engaged in winding up the affairs of the late Thaddeus Stevens. They find only about enough personal property to pay his debts, and his real estate consists of a house in Lancaster, estimated at $15,-000, and his iron furnace property, estimated at from $50,000 to $60,000.

THE STRENGTH OF THE DEMOCRATIC PARTY.

Whilst Forney's *Press* and other boastful and untruthful Radical newspapers are publishing obituary notices of the Democratic party, the N. Y. *Sun* very sagaciously intimates to them that there is little ground for such extravagant jubilation. It sums up the result of the late election as follows:

Though the Republicans obtained in the recent contest nearly three-fourths of the Presidential Electors, the Democrats are in a minority of only about 270,000 in a popular vote of 6,000,000; *i. e.*, only four and a half per cent. This statement exhibits in a striking light the important fact that the disparity between the two parties is far less than would seem to be indicated by the number of the electors chosen by each.

Despite their overthrow in the late campaign, the Democracy remain a very powerful party. No political organization in our history has passed through such severe trials and been compelled to bear such odious burdens as has the Democratic party during the past fourteen years.

Nevertheless, in spite of these circumstances, and of the dead they carried in the revolutionary policy of their candidate for Vice-President, the Democracy exhibited unexpected strength in the late contest, and now stand upon the edge of the battle field in powerful numbers, and under a remarkable state of discipline.

Upon this the Lancaster *Intelligencer* remarks:—A fair estimate of the number of white men disfranchised by tyrannical legislation shows that they amounted to nearly half a million. Had the people been permitted to vote according to the provisions of the Constitution, the popular majority for Seymour would have been as large as it now is for Grant. The election was controlled by despotic acts of Congress, enforced by a standing army. In some States the right to vote was denied to all the inhabitants, in others to a considerable portion of them. The Democracy were beaten by brute force alone.

They know how they were treated, and are able to see how victory was wrested from their grasp. They naturally feel indignant, and their resoluteness of purpose is consequently entirely unshaken. The *Sun* very properly describes the present attitude of the Democratic party as "standing upon the edge of the battle field in powerful numbers, and under a remarkable state of discipline." There is no demoralization in our ranks, and our hosts will enter upon coming contests with the same indomitable energy which has always distinguished them. Believing in the immutability of the great principles upon which the creed of the Democratic party is based, the leaders and the masses are alike confident that they must triumph as soon as a free expression of public opinion takes place in this country. Nothing can prevent the speedy overthrow of the corrupt and tyrannical party now in power, except such a change in the organic constitution of our government as will deprive the people of control over it. So soon as elections become perfectly free again, the reign of Radicalism must end, and with the triumph of the Democracy the nation will enter upon a new career of prosperity and glory.

THE LATE OUTRAGE AND MASSACRE IN ARKANSAS.

The Washington (Arkansas) *Telegraph* of the 18th ult. gives the following particulars of the late terrible affair in that State, already briefly noticed by telegraph. It appears that on Wednesday, the 10th ult., a band of between two and three hundred men entered the little town of Centre Point, in Sevier county, about twenty-eight miles from Washington, and took possession of the place. Taken by surprise, the citizens were entirely defenceless, and were marshaled *en masse* in an open field, where they were kept until four o'clock in the afternoon, not knowing by what authority or for what reason they were arrested. In the meantime the town was ransacked and plundered by the armed wretches, calling themselves Clayton's (Radical) militia, of everything of value, and whatever they could not carry away they destroyed. Finally one Captain Reeves addressed the captive citizens in the following strain, as reported by the *Telegraph*:

"Governor Clayton had declared martial law in Sevier county. They were there to enforce his proclamation. It was only the initiation of what would occur. His men were enraged. It was with great difficulty he could restrain them. They wanted to kill ten or twelve men anyhow. They want to hang some of you fellows. We are coming back here again, perhaps to-morrow," &c.

The darkest part of this monstrous outrage remains to be told. Next day a number of citizens from the adjoining county, hearing it reported that Jayhawkers had made a descent upon Centre Point, came into town, some of them armed. A meeting was held, and it was agreed to appoint committees to visit Murfreesboro' and Washington, to confer with Clayton and the military authorities. While they were still in consultation, the horde of assassins again entered the town, and commenced an indiscriminate onslaught, shooting down a number and making prisoners of those who were not fortunate enough to escape. They afterwards selected three citizens from among the oldest and most respectable, led them out, and murdered them in cold blood. The *Telegraph* thus concludes its account of this blood-thirsty brutality:

"Three other citizens of Sevier county, Arkansas, noted for their respectability and standing in the community, strong and unwavering advocates of peace, law and order—respected for their age and esteemed for their virtue—Hester, Anderson and Gilbert by name—living under a government declared by Congress to be republican in form, were led out to the scene of slaughter and shot down like dogs by men acting under instructions from the Executive of the State."

Another Outrage by Clayton's Militia.

MEMPHIS, December 7.—A private dispatch from Augusta, Arkansas, this afternoon, says, that last evening a regiment of State militia, under General Upham, entered the town and took possession of the telegraph offices, directing the operators to send no messages without their being vised by the officers. They then placed guards on the streets and proclaimed martial law. No reason is assigned for the occupation of the town.

A RADICAL contemporary yesterday announced that Mr. Sumner intended to introduce a bill into Congress early this session "to procure a statue of the Hon. Thaddeus Stevens for the Capitol." At a time like this, when the public debt is enormous and taxation is grinding down the industry and energies of the nation, could not a better use be made of the people's money? —*Age.*

PRESIDENT'S MESSAGE.

The President's Message was sent in to Congress on Wednesday. Its great length, and the late hour at which it is received by us, prevent its publication in this issue. It will appear next week.

It is a vigorous and comprehensive State paper, which must carry conviction to every unprejudiced mind. The Radicals in both Houses winced under its reading, but that will make it all the more acceptable with the masses of the people.

Fatal Disturbance in Georgia—Conflict between Special Patrolmen and the Negroes.

SAVANNAH, Dec. 6.—A special police force was appointed and commissioned by the mayor about two weeks since for partial duty on the outskirts of the city, composed mostly of farmers and gardeners, who relieved each other nightly, patroling the roads and guarding farms from the depredations of negroes. Last evening Brodbacker and seven others were patroling Thunderbolt-shell road.

About 11 o'clock they heard a loud hallooing, approached the party and demanded to know the cause of the disturbance. The negroes, a half [illegible] number, replied threateningly, when Brodbacker arrested one, gave him in charge of a party, and advanced a few paces to make another arrest. At this moment he was suddenly fired upon by a large party of negroes, about forty, who had before been concealed. Some sixty shots were fired in all, the patrol retreating before a superior force. Brodbacker was killed in the first fire, and three of his party wounded, two of them probably mortally.

Upon an inquest on the body this evening, a verdict was rendered that deceased came to his death while discharging his duties as a special policeman on the 5th of December, from a gunshot wound in the face and head, from the hands of a negro, one of a party who were disturbing the peace on the Thunderbolt road. The jury recommended that the State and county authorities take action, in order to protect the citizens of the county from the brutality of the negro population. About thirty arrests have already been made by the authorities.

A Republican Opinion of Affairs in Georgia.

AUGUSTA, Dec. 6.—The Republican meeting held at the City Hall last night was addressed by J. E. Bryant, formerly of Maine, but now a member of the Legislature, who referred with pleasure to the fact that Georgia was again in the Union and entitled to all the rights and privileges of any other State. He said the Republican party was defeated honestly and fairly in the late municipal election, and he was willing to abide the result.

Resolutions were passed pledging new fealty to the Republican party and opposing further congressional interference in reconstruction in Georgia, which State is entitled to all the rights of federal States in the Union.

The citizens of Augusta gave a complimentary supper to the troops under command of Gen. T. W. Sweeny, last evening, for their soldierly behavior and general good conduct while stationed in this city. The people speak of Gen. Sweeny and his entire command in the highest terms of commendation.

SNOW STORM.

BUFFALO, December 8.—The severest gale and snow storm of the season prevailed here during the last twenty-four hours. Trains and mails from the east have been detained four or five hours.

PHILADELPHIA, Dec. 8.—Advices from the interior of this State represent that immense quantities of snow have fallen; in some places over a foot deep. All trains delayed.

OTTAWA, Dec. 8.—A severe snow storm set in here last night and continued throughout to-day, with great fury. Eighteen inches of snow fell, and all trains are delayed.

SINGULAR TRAGEDY IN OHIO.—*A Man Killed by Bears.*—The Dayton (Ohio) Journal says:

"Captain Worst, of the canal-boat Sentinel, No. 2, met with a tragic fate one day last week. Captain W. started from the Junction for a deer hunt, to be absent only a portion of the day. He did not return the same evening, and not getting in the next forenoon, his men thought that something was wrong, and started in quest of him. About the middle of the afternoon they found his dead body. He had evidently had a combat with bears, and had been overpowered and most terribly torn by their fangs. His gun lay a few feet from him, and the barrel was bent out of shape, and the stock had been hammered into fragments, which plainly indicated that the conflict had been terrific. A few rods distant, a large buck was "swung up" against a tree, and a portion of it had been devoured by bears, the track indicating the kind of animal which had made the attack on him. It is the most terrible death in the woods that we have heard of for a number of years. The captain had evidently had a very hard fight—the ground being beaten with the tracks of the combatants for several rods around—and he had died game. The probability is that Captain Worst came upon the bears after they had begun to feast on his buck, and, in attempting to dispatch the ferocious brutes, they turned on him, and proving more than a match for him, he lost his life in a manner so fearful that it makes one shudder to contemplate the affray."

THE Charleston *Courier* of the 14th ult. states that on the previous day, a lady who was passing down Wentworth street, met on her way two colored girls who rudely pushed against her, and when remonstrated with, was told by them that she should have taken the outside, and ought to have known better since the election was over. A trivial matter, but an exemplification of the old proverb—"coming events cast their shadows before."

A CRUEL ACT.—Two men had a dispute in a lager beer brewery in the city of New York on Saturday. One of them picked the other up and threw him into a vat of boiling beer. He was taken out by some of his fellow workmen, but the poor fellow was so badly scalded that he did not live but a few hours. In the confusion the perpetrator of the fiendish act escaped and is still at large.

TERRIBLE DISASTER.

Collision of Steamboats on the Ohio—One Hundred Lives Lost.

MADISON, Indiana, December 5.—The Madison *Courier* says a terrible accident occurred on the Ohio river last night at 11.30. The steamer United States, which was descending, and the America, ascending, collided at Rail's Landing, about two miles above Warsaw, on the Indiana side.

The United States had a quantity of petroleum on her guards. The America struck her on the starboard side of the steps, cutting into her a considerable distance, and sinking her to about the main deck. In ten minutes fire was communicated in some way to the petroleum, and both boats were soon in flames.

It is said that some mistake was made in her signals. The America blew her whistle twice, which the pilot on the United States apparently did not hear.

The America again signalled two blasts of her whistle, and then the States answered, but it was too late, as both steamers were on the point of colliding. It is believed that seventy-five to eighty persons have been lost, including thirty-eight women. W. C. Taylor, clerk of the America, after securing the books, register, and valuables, went through the cabin kicking in the doors of state-rooms. Through his intrepidity no lives were lost on his boat.

Mr. Jusken and lady jumped to the deck of the America, a distance of fifteen feet, and were saved.

CINCINNATI, December 6.—Further particulars of the steamboat collision yesterday, show a larger loss of life than was first reported. Immediately after the collision the United States was enveloped in flames, which instantly communicated to the America, and both boats were completely destroyed in a few minutes. There were about seventy-five cabin passengers on the United States, more than half of whom are known to be lost. The reports of the officers are very conflicting, but as near as we can learn, forty-five passengers, including eighteen ladies and seventeen of the officers and cabin crew, are lost, while only four of twenty-two deck hands are known to be saved.

CINCINNATI, December 6.—A special to a New York paper states that the loss of life was frightful, supposed to be between one and two hundred.—Thirty-three ladies are known to have perished. Major Smith, Paymaster United States Army, and Colonel George N. Northrop, Agent of the Pennsylvania Central Railroad at Cincinnati, are supposed to be lost. These boats were the finest and largest on the northern waters. Both were owned by the same company, and cost $400,-000 each, and had state-rooms for three hundred and fifty passengers. The loss with the cargoes is over $1,000,000.

SOME men are not only witty themselves, but they often provoke the latent wit that is in others. General Grant, on the other hand, is not only silent and dull himself, but he is the cause of dullness in others. He is exceedingly fond of the joys of the table, and accepts all invitations to dine, but it seems with the tacit understanding that there shall be no speech to break the formal dullness of a public dinner. The guests gobble their viands with dyspeptic haste, make their *conge* and depart. In his heavy, leaden presence, wit ceases to flow, and eloquence, light, pleasing and effervescent as the champagne that inspires it, vanishes abashed before him. In Boston and Philadelphia, where he has been dined and coached to his heart's content, there has been no pleasant speech to relieve the frigid ceremony of the occasion. Such after-dinner orators in Philadelphia as Mayor M'Michael, and such wits as Oliver Wendell Holmes and James Russell Lowell, in Boston, were constrained to silence before him, and the public were the losers. If he will not speak himself, he should not be permitted to put his restraint on others. Speech is the faculty which distinguishes man from the lower creation around him. These dinners to Ulysses the Silent are becoming the greatest bores of the season.—*Patriot.*

THE vultures, on Monday, fastened their beaks and talons on impartial suffrage and the naturalization question. Up with the ignorant, brutal negro; down with the educated Frenchman, the philosophic German, the Intelligent, hard-working Irishman, and all men not born on the soil, is the vultures' cry. American liberty is safe in the hands of negroes; but the touch of men, some of whom have wielded the sword for freedom in other lands, is fatal to its perpetuity. There was a wild dash of the vultures to occupy the topmost perch on all these questions, and now the fight commences in earnest. The negro against the white man is the foundation-stone of Radical action.—*Age.*

JUDGE UNDERWOOD sat upon the bench with Chief Justice Chase, at a recent meeting of the United States Circuit Court, in Richmond, Virginia, and decided several cases. One of these cases was that of Mr. McVeigh, of Alexandria, whose property was confiscated by a decree of Judge Underwood, who, directly or indirectly, has become its owner, and, if we are not misinformed, now occupies it as a residence. Of course he voted to sustain his own decree. This Underwood is a "narrow-minded blockhead" and a disgrace to the judiciary of the land.

THERE was little done in Congress on Tuesday. The Senate had a brief session, but transacted no business of general interest. The House passed a bill to increase the tariff on copper—yeas 107, nays 51. A bill was introduced and referred to repeal the tenure-of-office act, and a bill passed to restore the bureau of Indian affairs to the War Department. After a long speech by Mr. Robinson, of New York, in relation to the imprisonment of American citizens in Ireland, the House adjourned.

A STUBBORN battle has taken place between the insurgents in Cuba and the Government forces, at the foot of Mount Alta Gracia, between Puerto Principe and Nuevitas. There was another fight in Moron, in which both parties claim to have gained a victory. The government still keeps close watch on the telegraph, but enough leaks out to know that in both these contests the patriots gained the advantage.

W. W. RICHARDSON, of Coosa county, Ala., a Radical Justice of the Peace, hung himself on the 5th ult. He left a letter stating that one of the causes which led him to commit the act, was remorse for the manner in which he had treated the white people of his neighborhood.

Local Department.

TOWN, COUNTY AND SURROUNDING COUNTIES.

Christmas.—Two weeks from to-day.

Adv.—See advertisement of Wm. Blair & Son, in another column.

Josh Billings will lecture here some night during the winter.

Changed.—Rev. W. M. Reilly has left Lewisburg, and removed to Jonestown, Lebanon county, Pennsylvania.

Lecture—by George Alfred Townsend—at Agricultural Hall—next Tuesday evening—on "Pennsylvania Dutch." Thirty-five cents admit. Go!

Cash System.—It will be seen by their advertisements, in another column, that our Coal and Produce dealers find themselves compelled to resort to the Cash System. The printers will soon have to follow suit, to keep their heads above water.

Barn Burnt.—On Friday night last, a barn belonging to Mr. James Brady, in Buchanan Valley, was destroyed by fire, with all its contents, consisting of hay, straw, &c. The fire is supposed to have been caused, in some accidental way, by a party stealing chickens. The building was insured in the Mummasburg Company for $400.

Heavy.—Mr. Wm. Settle, of Franklin township, on Tuesday, slaughtered a young bull, only 2 years and 3 months old, which weighed 631 pounds clean meat. The hide weighed 118 pounds.

A correspondent at Arendtsville writes us that Mr. Isaac Bucher has a cow that recently gave birth to a calf which, when three days old, weighed 110 pounds.

Associate Judge.—Col. J. J. Kuhn's term as Associate Judge commenced last Monday. He will take his seat on the bench at the Orphan's Court, on the 29th. Judge Wierman retires, after two terms of service, with the universal plaudit, "well done, good and faithful servant." Prompt and upright in all things, Judge W. made an excellent officer. Col. Kuhn has the same traits, and will be equally acceptable.

Alms House Appointments.—The Directors of the Poor, on Monday last, made the following appointments for the coming year:

Steward, Jonas Johns; Physician, Dr. J. W. C. O'Neal; Counsel, J. C. Neely, Esq., in place of Wm. McClean, Esq., resigned; Treasurer, Jacob Beuner; Clerk, H. G. Wolf; Farmer, William Teot; Laborer, Pius Sopan.

John Rahn, Esq., is now President of the Board.

The Stolen Horses.—The horses mentioned in our last as having been stolen from Abraham Heikes and Abraham Miller, in Newberry township, York county, by Mangum and Longabaugh, were recovered by the owners a day or two after the arrest, they having proved them to be their property.

Mangum and Longabaugh are still in jail here.

Fatal Accident.—A boy named Hart, aged about 15 years, met a sudden and melancholy death, in Buchanan Valley, a few days ago. He and another, named Kane, were out rabbit hunting, having with them a horse-pistol, loaded with buckshot. Something getting wrong with the lock, they undertook to right it, but whilst trying to do so the pistol accidentally discharged, the load lodging in Hart's abdomen. Assistance was had as soon as possible, but without avail. Death ensued in a few hours.

The father of young Hart also died very suddenly, a few weeks before. Not feeling well, he laid down to sleep, some time in the forenoon. Upon being called to dinner he failed to answer—and was found dead.

Fair.—We are requested to state that a grand Fair will open on Wednesday evening, the 23d inst., at Westminster, Md., and continue during the Holidays. The proceeds will be applied to the purpose of paying off the debt on the Catholic parsonage in that place. The ladies of the parish will spare neither time, labor nor expense to make the Fair a most pleasing and attractive entertainment. The different tables will be filled with every variety of articles, both useful and ornamental, and these will be disposed of on accommodating terms. We venture to predict for it a most desirable success.

Patronize Them.—As a rule, men who advertise their business keep the largest assortments of goods and sell at the most liberal rates. We call the attention of our readers to our advertising columns, and when they visit the Borough for the purpose of trade, they will do well to call at establishments they find announced. Dry Goods, Clothing, Groceries, Drugs and Medicines, Flour, Photographs, Hotels—almost every branch of business is advertised by us, and the several dealers are fair and honorable men. It gives us pleasure to recommend our advertising patrons to the confidence of the public.

Property Sales.—Wm. Currens has purchased of F. E. Metzgar, of Hanover, his farm in Mountjoy township, this county, 150 acres, at $7,000 cash.

The executors of Hon. Thaddeus Stevens, deceased, have sold to Mrs. Agnes Sheads the small triangular parcel of ground lying between the Harrisburg and Carlisle roads and the run—containing about one-third of an acre—for $105.

Andrew Pottorff has bought of John C. Zouck, as agent for John Barnitz, a house and lot in New Oxford, for $1,800 cash.

Samuel Eyster has sold his farm, in Butler township, to Ezekiel Lau, of Reading township, 150 acres, for $7,500.

Geo. Fiscel has purchased the farm of Charles Price, in Cumberland township, 113 acres, for $3,500.

Sad and Fatal Accident.—On last Friday, a little son of William Kistler, of Spring township, was instantly killed, near the residence of his uncle, Mr. Amos Smith, in Centre township, this county, in this wise: A log was being put upon a wagon. A chain had been first put around it and horses attached. The log was being rolled up an inclined plan composed of two pieces of timber. The lad followed up the log for the purpose of blocking it up to prevent it rolling back, and was astride one of the pieces of timber on which it rested. It appears that the chain was too short, and when the log was nearly to the place desired, the hook pulled out and it commenced to roll back. His uncle called to him to get out of the way, but before he could do so, the log struck him, passed over him and crushed him to death instantly. He was aged 10 years 8 month and 21 days. His father is in the West.—*Perry Democrat.*

Court was occupied all last week with the trial of Common Pleas cases. We have the following to report in addition to what has already been published:

Christian Keckler and Wife vs. Philip Bittinger, and John F. Houck, Executor of Jacob Fidler, deceased.—Action in ejectment, to recover three acres and some perches of woodland. The jury, after being out a day and a half, failed to agree, and was discharged.

Edward Staley vs. George Smith.—Appeal from Justice of the Peace, to recover book account and rent for market route. Verdict for plaintiff for $16 64.

Jacob B. Trostle vs. Samuel Shelly and Lewis Snyder.—Action in trespass, for levying upon horse and gears of plaintiff for tax assessed against Abraham Trostle. Verdict for plaintiff for $22.

Jacob A. Trostle vs. Same.—Action in trespass, for levying upon horse of plaintiff for tax assessed against Abraham Trostle. Verdict for plaintiff for $8.

Daniel Heltzel vs. George Roller.—Action in debt, to recover price of land. Judgment confessed in open court by defendant for $416 20.

Jacob Starry and Wife vs. Abdiel F. Gitt.—Summons in case. Settled by the parties.

George Hantz vs. David Sheaffer.—Action in debt. Settled by the parties.

Jacob Bishop, Guardian of Mary C. Metz, vs. Abraham and Emma Flohr.—Action in slander. Settled by the parties.

Epidemic.—The matrimonial fever has broken out in the shape of an epidemic. Our hymenial record has been crowded every week for some time past. The ravages of the epidemic, we regret to say, are confined almost exclusively to young ladies and gentlemen, and we grieve to relate, the "sweetest, loveliest, best, are always first to go." But notwithstanding the frequency of cases of this kind, we hope this epidemic may increase and spread to the uttermost ends of our county and State, so that—so that—so—. Go in, girls, go in, boys, go in, lemons, and get squeezed.

Ballou's Magazine.—The January number of this excellent monthly is received. The table of contents is unusually interesting, embracing several finely-illustrated articles, including "A Happy New Year," by Mr. Shillaber, and six cuts illustrative of the "Humors of a Political Campaign," together with choice stories and fine poems by such writers as Camilla Willian, August Bell, Jane G. Austin, James Franklin Fitts, Mrs. M. A. Denison, Mrs. R. B. Edson, Geo. H. Cooner, and a new serial for young folks by the popular Horatio Alger, Jr. The wonder is that so much excellent matter can be furnished for $150. ELLIOTT, THOMES & TALBOT, Publishers, Boston, Mass.

The Age.—To such as want a city journal, in addition to their county paper, we commend the Philadelphia *Age*. Ably and judiciously edited, it has the confidence of the Democratic party in an eminent degree, and, of course, its endorsement. The terms of the Daily are: One copy, one year, $9; six months, $4 50; three months, $2 50; for any less period at the rate of $1 per month. Payment required invariably in advance. For the Weekly: One copy, one year, $2; five copies, $9; ten copies, $17 50; twenty copies, $33; thirty copies, $42; forty copies, $52; fifty copies, $62 50; seventy-five copies, $84; one hundred copies, $100. Address Welsh & Robb, 14 and 16 South Seventh street, Philadelphia.

Sunday Morning Gazette is the name of a new weekly paper just started in Washington city, the first number of which is before us, presenting a sprightly appearance. It is published under the auspices of the Union Newspaper Company.

Butchering.—The hog war is fully inaugurated; each morning the screams of the victims are heard resounding through the length and breadth of the land, and their bleeding carcasses are seen dangling from many a scaffold.

Somnambulist.—On the night of the 26th ult., at Wrightsville, York county, Master Aaron Wagner, aged about 12 years, while in a state of somnambulism, jumped out of a second-story window and broke his arm.

Photographs.—For good Photographs, go to Tipton & Myers's. Also Frames, Albums, &c., very low. Tyson's old stand. tf

NEW WHISKEY TAX.

Those who know say the reduction of the tax on whiskey was made at the request of "the ring." They wanted to lay in a big supply at a low rate, and relied upon their influence over Congress to secure an advance as soon as they had a large stock on hand. It is said to be certain that a change will be made at the next session of Congress as soon as the members of "the ring" has an immense quantity of whiskey on hand already, and will increase its stores up to the day when the tax is raised. The Whiskey Ring has the Radical majority of the present Congress completely under its control, and there is no doubt that the corrupt combination will have things its own way. In the meantime the Tenure-of-Office Law protects all the whiskey thieves in the country, and enables them to continue their plundering without let or hindrance. There is no doubt that Radical Congressmen are bought and sold, like sheep in the shambles, by the whiskey ring and other gigantic monied monopolies. The present Congress is as corrupt as any Radical Legislature of Pennsylvania ever was. How corrupt they have been, all men know.—*Lancaster Intelligencer.*

A NEST of snakes was recently uncovered by Jacob Fink, near Fairmount, Bucks county, containing over one hundred and twenty black snakes, measuring from three to twelve feet in length. The cavity in which they were found measured about ten feet in circumference and from six to ten inches in depth. Seventy-seven of them were killed on the spot, and forty-three were secured in a cage for sale and exhibition.

ABOUT 22,000 barrels of apples have been shipped from Tiffin, Ohio, alone this fall. Large quantities also from Fostoria, Greensprings, Melmore, Kansas, Attica and other villages in Seneca county. At least 50,000 barrels have been sent out of the county. The apple crop is getting to be quite an important and valuable one. So says the *Tiffin Advertiser.*

GEORGE MINICH, for many years a conductor on the Philadelphia and Reading railroad, died suddenly in Philadelphia, on Tuesday evening last.

For the Holidays.—E. H. Minnigh, Chambersburg street, next door to the Keystone House, is now receiving a large and splendid stock of goods for the Holidays. He has many new things in the book, toy and confection lines, which he asks everybody to call and inspect. The boys and girls, as well as the older folks, will find something to suit and please them—Mr. M. having had all the different tastes in view whilst making his purchases. Every article sold as low as possible. It

Blair & Son.*—We are now opening a large invoice of *Common* and "*CC*" Ware, received by the ship "Addie Hall," which we offer *wholesale* and *retail* at a reduction of *twenty per cent.* from our late prices. Also, a large quantity of *Raisins, Candies*, &c., for the Holidays, which we offer very cheap.

Just from the City.—Theo. C. Norris has just returned from the city with a very *large* and *cheap* lot of Clothing, Hats, Caps, Boots, Shoes, and Gentlemen's Wear, of every description. He keeps nothing but gentlemen's wear, and persons in want of Over Coats, Dress Coats, Pants, Vests, Boots and Shoes, or under wear of any kind, can do better at Norris's than at any other store in the county. His stock of Hats and Caps cannot be beat outside of the cities.

Also a large stock of Cavalry Over Coats, Infantry Over Coats and Jackets on hand, just from the Q. M. Department, and warranted perfect. Persons in want of these goods had better call soon, as they are very scarce. Don't forget to call at Norris's Store. 2t

The Morning Glory.—Col. C. H. Buehler has received a large assortment of these famous base-burning Stoves, which on the score of economy, cleanliness, easy management, and general utility, stand unrivalled and defy competition. The great demand for them last season taxed the capacity of the manufacturers to meet the demand. They are much improved and will doubtless ere long take the place of all other stoves for parlor, office, store and shop. Call and look at them, at the Wareroom on the corner of Carlisle and Railroad streets, opposite the depot.

Also, on hand a full assortment of the best varieties of COOKING STOVES, including the Spear, Noble Cook, Waverly, Oriental, Washing, Barley Sheaf, Prince Royal, Royal Cook, Excelsior, &c &c., all WARRANTED to be good bakers. If not satisfactory, they can be returned and the money refunded. Also, a large assortment of Hollow Ware and Tin Ware, Doty's Washing Machine and Universal Wringer. Call and examine. tf

Calendar Cards.—We are prepared to print Calendars for the year 1869, with Business Cards attached. They are done either on card board or paper, in one or a variety of colors. They are not only attractive because showy, but useful for daily reference throughout the year—and hence doubly valuable to those who avail themselves of this means of advertising. That the CO

GEN. GRANT'S FORTUNE.—The Washington correspondent of the St. Louis *Democrat* says: "Gen. Grant is rich already, and by cautious investments he is destined to be very rich one day, ranking with the most opulent. He owns thirty-eight acres of land within the corporate limits of Washington, worth $2,000 an acre. His house is held at $60,000. A farm near St. Louis and houses in Galena and in Philadelphia should add $100,000 to the former items. Three hundred thousand dollars will probably not be in excess for the President elect's possessions."

PHOSPHORIC ACID AND SUPER-PHOSPHATE.

The superior excellence of the commercial manure known as super-phosphate, depends largely on the amount of phosphoric acid contained in it. This acid is one of the most valuable fertilizers that can be employed. It is stored up in the bones of the latter, where, in combination with lime, it forms the principal part of their inorganic or earthy portion. The phosphoric acid and lime together constitute phosphate of lime, which consists of definite proportions of acid and lime; in this form the acid is moderately soluble and may be absorbed by the roots of plants with considerable readiness. It is found, however, that if we dissolve the bones in sulphuric acid (oil of vitriol), that the sulphuric acid unites with two-thirds of the lime, driving out the phosphoric acid therefrom into the other third of the lime, which, with this triple portion of the phosphoric acid, constitutes super-phosphate. By this means the whole of the phosphoric acid is made immediately soluble, and consequently acts very quickly upon the plants. Its effects are indeed so rapid that in practice it is better not to convert the bones wholly into super-phosphate, as otherwise its effect would be too powerful at the beginning of the season, when ammonia is most required, but would be almost spent at the end, when the formation or ripening of the seed demands the greatest supply of phosphoric acid. About one pound of sulphuric acid to two pounds of bones will generally be found the most proper proportions in making super-phosphate, but the quantity of sulphuric acid may be diminished or increased according as the fertilizer is desired to exert a more or less rapid effect upon the plant.

PLOUGHING UP RAW SOIL.

We sometimes hear farmers remark, that ploughing deep, they get less grain; that bringing up the new yellow soil, their crops suffer. It would be strange if this were not the case; for this soil, even if mellow, is raw, just like manure when it is "green," or "long." It is not yet converted or changed into plant-food. It needs just what the long manure needs—to be changed by the heat and the air—that is, decomposed or rotted.

When the top-soil is less fertile than it used to be when the land was first tilled, you may rest assured that this soil is always better than the upper soil, because the upper has deteriorated, while the under has not, but rather improved.

It is, therefore, unadvisable, nay, unwise in some soils, to turn up deeply the underground in the spring or in the fall at sowing time. The cold, cheerless ground will not help the grain, and were it not for the other soil mixed with it, an almost total failure would be the result.

But turn it up in the fall, and let the frost and the elements take hold of it, and you will have another soil; it is turned into manure, a good part of it. A little lime mixed with it, scattered, and harrowed in, or manure, or both, would facilitate the process. In the spring sow, either with or without another ploughing, and you will find no more occasion to complain. We have great fertility to draw upon from below, but it requires managing.—*Evening Post.*

EARLY ROSE POTATOES.

There is a general agreement in this section about the earliness and productiveness of this potato. John Palmer, in this vicinity and not far from Media, Delaware county, planted eleven pounds and gathered ten bushels of fine potatoes, some of them *extra*. Two specimens weighed 1 lb. each, and several 1½. We have seen nowhere else so large specimens. Only ordinary cultivation was given them. The ground was manured all over, and then ploughed, the sets being dropped in furroughs three feet apart and eighteen inches in the row. So extraordinary a yield as this, without any appearance of rot or disease, speaks well for the Early Rose, and is a confirmation of accounts elsewhere.—*Farmer.*

SAUSAGE.—Housekeepers will do well to preserve the following first-rate receipe for sausage: To every twelve pounds of meat take three tablespoonsful of salt, not much heaped, three tablespoonsful black pepper, eight tablespoonsful of sage, and a teaspoonful of red pepper. Good sausage is splendid with buckwheat cakes in winter, and I got this recipe from a friend whose sausage is always good as long as it lasts.—*Exchange.*

CURE FOR EARACHE.—Take a small piece of cotton batting or cotton wool, make a depression in the centre with the finger, and fill it up with as much ground pepper as will rest on a five cent piece; gather it into a ball and tie it up; dip the ball into sweet oil, and insert it in the ear, covering the latter with cotton wool, and use a bandage or cap to retain it in its place. Almost instant relief will be experienced, and the application is so gentle that an infant will not be injured by it, but experience relief as well as adults.

TO STOP THE FLOW OF BLOOD.—Take the fine dust of tea and bind it close to the wound—at all times accessible and easy to be obtained. After the blood has ceased to flow laudanum may be advantageously applied to the wound. Due regard to these instructions would save agitation of mind, and running for a surgeon, who probably would make no better prescription if he were present.

TO REMOVE FRECKLES.—Cosmetics sold to remove freckles are often dangerous. The best plan is to make a lotion of a teacupful of sour milk and a small quantity of horse radish; let this stand from six to twelve hours then use it to wash the freckles two times a day.

SURE CURE FOR WARTS.—Take three cents worth of sal-ammoniac, dissolve it in a gill of soft water; wet the warts frequently with the solution, when they will disappear in a week or two.

An actor, on his benefit night having a very limited audience, when he came to the often quoted passage, "This not in mortals to command success; we'll do more, Semphronius—we'll deserve it," heaved a deep sigh, and substituted for the last line, "We'll do more, Semphronius—we'll do without it."

The question of adopting Sunday as the Legislative Sabbath has been started for discussion by a Jewish weekly.

COE'S COUGH BALSAM.

THIS long tried and popular Remedy is again called to the attention of the public. As often as the year rolls around, the proprietors annually make their bow to the people, and remind them that amongst the many things required for the health, comfort and sustenance of the family through the long and tedious months of winter, Coe's Cough Balsam should not be forgotten. For years it has been a household medicine—and mothers anxious for the safety of their children, and who suffer from any disease of the throat, chest and lungs, cannot afford to be without it. In addition to the ordinary four ounce so long in the market, we now furnish our mammoth family size bottles, which will, in common with the other size, be found at all Drug Stores.

FOR CROUP,

The Balsam will be found invaluable, and may always be relied upon in the most extreme cases.

WHOOPING COUGH.

The testimony of all who have used it for this terrible disease during the last ten years is, that it invariably relieves and cures it.

SORE THROAT.

Keep your throat wet with the Balsam—taking little and often—and you will very soon find relief.

HARD COLDS AND COUGHS

Yield at once to a steady use of this great remedy. It will succeed in giving relief where all other remedies have failed.

SORENESS OF THE THROAT, CHEST AND LUNGS.

Do not delay procuring and immediately taking Coe's Cough Balsam, when troubled with any of the above named difficulties. They are all premonitory symptoms of Consumption, and if not arrested, will sooner or later sweep you away into the valley of shadows from which none can ever return.

In Consumption

Many a care-worn sufferer has found relief and to-day rejoices that her life has been made easy and prolonged by the use of Coe's Cough Balsam.

In short,

The people know the article, and it needs no comment from us. It is for sale by every Druggist and Dealer in Medicine in the United States.

AYER'S
HAIR VIGOR,

For the Renovation of the Hair.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color and the gloss and freshness of youth.* Thin hair is thickened, falling hair checked and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

McGUIRE'S
SPANISH HAIR DRESSER,

FOR Promoting the Growth, Beautifying the Hair, and rendering it dark and glossy. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair. The use of this oil as a hair dresser has been universal in every section of the world in the Spanish Main for centuries. No preparation of art could give that elegant luxuriance and abundance of hair which have so often been the admiration of travelers in Spain. This oil is highly and delicately perfumed, forming an article unrivalled in excellence and upon which the Spanish people for many years have set its seal of enduring approval.

McGUIRE'S
Mexican Wild Flowers Shampoo Lotion,

For removing dandruff and scurf from the head, whitening and perfuming the skin. This article is entirely different from anything of the kind ever offered in this country, and is warranted free from all poisonous substances. This valuable lotion was used by the Emperor Maximilian, and Empress Carlotta, of Mexico, and universally by Mexicans for three hundred years. As a wash for the head—it is cooling, cleansing, and refreshing. When thus used it at once relieves headache.
